KALYN SIEBERT TO INTRODUCE A NEW 50' CALIFORNIA-LEGAL SLIDING AXLE TRAILER

At the American Towman Showplace Las Vegas

(Gatesville, TX) – Premium heavy-duty trailer manufacturer Kalyn Siebert is excited to announce the introduction of their California-legal (CA) Hydraulic Sliding Axle 50-foot trailer. The Kalyn Siebert team will unveil the new trailer model at the American Towman Showplace – Las Vegas event during Tow Industry Week, taking place May 14 through 16 at the South Point Hotel & Casino.

The CA-legal Hydraulic Sliding Axle trailer offers maximum versatility with added capacity, perfect for towing anything from buses and RVs to low-clearance construction and agricultural equipment. Engineered for one-man operation, the trailer's low seven-degree approach angle and 20K neck-mounted winch make dragging even damaged or disabled equipment onto the deck routine.

Kalyn Siebert's portfolio of Hydraulic Sliding Axle includes a range models in lengths from 48 to 53 feet, featuring two- and three-axle configurations and 40- to 55-ton capacities.

"Our dealers and customers told us that there was a real need for a heavy haul California-legal sliding axle trailer," stated Product Manager Steve Gould. "So we took a deeper look and found their suggestion had merit. Our engineers jumped at the chance to enhance our sliding axle platform for this market. We knew that our sliding axle's proven heavy duty performance under the toughest conditions combined with its reputation for quality and durability would serve as the perfect foundation for a CA-legal trailer."

Indeed, like all Kalyn Siebert trailers, the updated Sliding Axle trailer is designed, engineered and hand-crafted right in the heart of Texas, under strict ISO 9001, 14001 and 18001 certifications.

The new CA legal trailer will be on display at the Kalyn Siebert **booth #419** at the AT Showplace – Las Vegas. The South Point Hotel & Casino is the host for this event, scheduled to run May 14 to 16. For more details on Kalyn Siebert, visit www.kalynsiebert.com or call (254) 248-3327.
