**TWIN STATE TRAILERS and KALYN SIEBERT FIND COMMON GROUND**  
New Distribution Partnership

(Charlotte, NC & Gatesville, TX) – Twin State Trailers and Kalyn Siebert are proud to announce a distribution partnership that will bring Kalyn Siebert’s world-class heavy-duty trailers to Twin State Trailers’ customers throughout North and South Carolina.

Under the new agreement, Twin State’s full-service locations in Charlotte, Greensboro and Hickory, North Carolina, will stock and promote Kalyn Siebert’s Hydraulic Detachable Gooseneck and Hydraulic Sliding Axle trailers. These trailers are designed to safely and efficiently load wheeled/tracked or low-clearance equipment, including heavy-duty construction and agricultural machinery – two industries with a big presence in the Twin States market.

“We are thrilled to be working with Kalyn Siebert to deliver the performance our customers demand,” said Twin State Trailers President Jamey Vaughn. “Kalyn Siebert trailers provides our customers with important flexibility that will allow them to maximize their capacity even while handling the challenging load conditions they face daily. This sets a new standard of heavy-duty quality for our customers.”

For its part, Twin State Trailers brings its customers the benefit of more than 25 years in the industry, with new and used trailer sales and complete parts and service on all trailer makes at its three North Carolina locations.

Like Vaughn, Ryan Rockafellow, Managing Director of Kalyn Siebert, is excited about the success the new partnership will bring. “At Kalyn Siebert, quality is our number one priority – and this is what stands out with Twin State, as well. They’ve built an outstanding reputation for superior service, and they are tightly focused on meeting the needs of their customers. With our two organizations working together, the sky is the limit.”
